- This document provides instructions on how to become a registered member of the BridgeArt.net portal.

Click the Register link on the Home Page.

BridgeArt.net is [online database of software for architecture, engineering and construction](#) with the primary focus on software for structural analysis and design. It enables practicing engineers, educators, students, researchers, software developers and others to compare the 450+ available software tools and quickly locate the most suitable one for their need. The database has browse and search capabilities; detailed software and publisher information; glossary of relevant keywords, design codes and data formats; rich cross-referencing among programs, keywords, design codes, and data formats; it is interlinked with [Structural Wiki](#) that provides expanded coverage for each entry; and user-contributed ratings.

## Structural Software Database

**460+ Programs**    **350+ Keywords**    **250+ Publishers**

Fill in and submit the new user registration form.

The screenshot shows a web browser window with the address bar displaying "www.bridgeart.net/register". The page header features the "BridgeArt.net" logo and the tagline "Knowledge and Learning Resources for Structural Engineering". A navigation menu includes "Home" and "New User Registration Request Form". The main content area is titled "New User Registration Request Form".

The CAPTCHA section is titled "CAPTCHA" and includes the text: "This question is for testing whether you are a human visitor and to prevent automated spam submissions." Below this is a CAPTCHA image showing the code "Xbt28" overlaid on a background of noise and lines. A text input field contains the code "Xbt28". Below the input field is the instruction: "Enter the characters shown in the image." At the bottom left of the form is a "Submit" button, which is highlighted by a red arrow.

- After you submit the new user registration form, we will review your request and create an account for you within two business days (usually much earlier).
- You will receive your login information to the email address you provided.
